FOR ESTATES, HOAs & COMMUNITIES

A dedicated EZI-GAS delivery service for your estate

EZI-GAS delivers LPG cylinders straight to residents' doors, and can install a steel EZI-PUDO locker for collection at any time. Residents order and pay EZI-GAS directly, so your estate office never handles orders, money, queries or complaints.

Why boards say yes

Security & gate control	One known supplier on scheduled delivery days instead of random gas bakkies. Branded truck, named drivers, live GPS tracking of every truck.
Proof of every delivery	Drivers photograph each delivery and the phone records the drop-off location. Residents get a WhatsApp when it arrives.
Zero admin for the HOA	Residents order on the website or WhatsApp and pay by card through Paystack. No cash, no EFT, no estate involvement.
Resident convenience	Order in about a minute, swap an empty or buy a new cylinder, follow the truck live on a tracking link.
Optional EZI-PUDO locker	A steel locker made by EZI-GAS, installed at a site you choose, so residents can collect when it suits them.

How rollout works

1. Presentation	We present to your board or HOA and agree delivery days and gate procedures.
2. Launch	The estate sends one launch message to residents introducing EZI-GAS. We supply the wording, flyers and QR codes.
3. Deliveries start	Residents order directly. Scheduled estate delivery days begin; the locker follows if chosen.

SERVICE DETAILS

What residents get

Cylinder sizes	9 kg steel, 9 kg composite (swap only), 19 kg and 48 kg.
Swap or new	Residents swap an empty cylinder, or buy a new one where available.
Payment	Paystack only (card and instant payment). EZI-GAS does not take cash, EFT or bank details.
Ordering	ezigas.com/order or WhatsApp. Addresses are checked instantly against our delivery area.
Tracking	Every order has its own tracking link showing payment, truck on the way and delivered.
Delivery area	Within 25 km of Weltevredenpark, Roodepoort.
Distribution centre	14 Bussing Road, Aureus, Randfontein.

What we ask of the estate

Permission	Approval for EZI-GAS to deliver on agreed days, with gate access for our truck and drivers.
One launch message	An official introduction to residents by email or WhatsApp. After that EZI-GAS communicates with its customers directly.
Visibility	Permission to brand the EZI-PUDO locker (if installed) with ordering QR codes, and to place flyers or cards at agreed points.
Locker site	If you choose a locker: a suitable, ventilated outdoor spot agreed with EZI-GAS.
